

ASTRID PACINI

593 Benjamin Hall ◊ 1013 NE 40th Street, Seattle, WA 98105

apacini@uw.edu ◊ astridpacini.github.io

EDUCATION

MIT-WHOI Joint Program	2016-2021
PhD in Physical Oceanography advised by Dr. Robert S. Pickart <i>Structure, variability, and dynamics of the West Greenland boundary current system</i>	
Yale University	2012-2016
B.S. in Mechanical Engineering; B.S. in Geology & Geophysics, both with distinction Certificate in Energy Studies	

RESEARCH EXPERIENCE

NSF OPP Postdoctoral Fellow , UW Applied Physics Laboratory Hosted by Dr. Mike Steele	Sept 2022 - present
Postdoctoral Investigator , WHOI Physical Oceanography Department Hosted by Dr. Robert S. Pickart	Jan - July 2022
Graduate Research Assistant , MIT-WHOI Joint Program in Oceanography Advised by Dr. Robert S. Pickart	2016-2021
Undergraduate Research Assistant , Yale University G&G Department Advised by Dr. Mark Brandon & Dr. David Colwyn	2015-2016
Summer Student Fellow , WHOI, Physical Oceanography Department Hosted by Dr. Robert S. Pickart	2015
Guest Student , University of Oxford Mathematical Institute Hosted by Dr. Andrew Fowler	2014

GRANTS & FELLOWSHIPS

NSF Office of Polar Programs Postdoctoral Research Fellowship	2022-2024
NOAA/UW CICOES Fellowship Postdoctoral Program	awarded 2022

FIELD WORK

RV Sikuliaq: Role: Science team member Summer 2023 [7 days]

Train as an early career future chief scientist through the NSF-funded University National Oceanographic Laboratory System/Arctic Icebreaker Coordinating Committee (UNOLS/AICC) .

RV Sikuliaq: Role: Hydrography lead Fall 2022 [34 days]

Service mooring and perform high-resolution hydrographic survey of freeze-up period in the Beaufort and Chukchi Seas as part of the Arctic Observing Network (AON).

USCGC Healy: Role: Hydrography lead Fall 2021 [32 days]

Perform an extensive hydrographic survey in Baffin Bay to understand the heat and freshwater transport through Davis Strait and into glacial fjords from the West Greenland Current.

R/V Neil Armstrong: Role: Watch lead Summer 2020 **[37 days]**
Service moorings and perform high-resolution hydrographic survey of Cape Farewell as part of the Overturning of the Subpolar North Atlantic Program ([OSNAP](#)).

R/V Neil Armstrong: Role: Watch lead Fall 2019 **[5 days]**
Perform rigorous CTD conductivity calibration, test Active Heave Compensation (AHC) on CTD winch, test X-Spar buoy, test EcoCTD, and calibrate Multibeam.

R/V Neil Armstrong: Role: Co-chief scientist Fall 2019 **[3 days]**
Characterize properties and dynamics of frontal zone in LTER line on Northeast U.S. Shelf. Training cruise for first-year graduate students.

USCGC Healy: Role: Hydrography lead Fall 2018 **[25 days]**
Service moorings and perform high-resolution hydrographic survey of Chukchi and Beaufort Shelf as part of the Arctic Observing Network ([AON](#)).

R/V Neil Armstrong: Role: Watch lead Summer 2018 **[37 days]**
Service moorings and perform high-resolution hydrographic survey of Cape Farewell as part of the Overturning of the Subpolar North Atlantic Program ([OSNAP](#)).

NRV Alliance: Role: Watchstander Winter 2018 **[27 days]**
Storm-chasing cruise to conduct coupled air-sea measurements in the Nordic Seas during active convection. Perform high resolution CTD and XCTD surveys, deploy mooring, deploy and recover gliders as part of the Iceland-Greenland Seas Project ([IGP](#)).

USCGC Healy: Role: Watchstander Summer 2017 **[22 days]**
Characterize changing Pacific-Arctic ecosystem from interdisciplinary sampling approach as part of the Distributed Biological Observatory ([DBO](#)).

R/V Neil Armstrong: Role: Watchstander Summer 2016 **[40 days]**
Service moorings and perform high-resolution hydrographic survey of Cape Farewell as part of the Overturning of the Subpolar North Atlantic Program ([OSNAP](#)).

R/V Bjarni Sæmundsson: Role: Watchstander **[16 days]**
Service moorings and perform high-resolution hydrographic survey of Iceland during summer 2015.

Patagonia Field Program: Role: Field scientist **[17 days]**
Geologic survey of central Andes to understand generation timescale of the range during winter 2016 ([Yale Geology & Geophysics](#)).

USCGC Healy: Role: Watchstander Spring 2014 **[42 days]**
Characterize early spring conditions in the Chukchi Sea and how the spring phytoplankton bloom forms as part of the Study of Under-Ice Blooms in the Chukchi Ecosystem ([SUBICE](#)).

TEACHING & MENTORING

- Polar Postdocs Leadership Workshop** Spring 2023
Selected to be part of a 20-person cohort of polar postdocs for a one-week workshop led by the NSF-funded Polar Sciences Early Career Community Office ([PSECCO](#)). Training and discussions centered around co-production of knowledge, diversity, equity, and inclusion, and inclusive mentorship.
- Kaufman Teaching Certificate Program** Fall 2020
Semester-long teaching training course through the MIT Teaching and Learning Lab.
- 12.808 Introduction to Observational Physical Oceanography** Fall 2019
Teaching assistant for the 25 students. Held office hours, provided a coding tutorial, graded assignments and exams. *Overall rating: 6.6/7.0*.
- Graduate mentor**
- | | |
|---|-------------|
| Katy Abbott (<i>MIT-WHOI student</i>) | 2020-2022 |
| Jeff Grabon (<i>MIT-WHOI Navy Masters student</i>) | 2018-2020 |
| Mari McCarthy (<i>High school student working with Glen Gawarkiewicz</i>) | Summer 2019 |
| Riely Wadehra (<i>Summer Student Fellow working with Chris Piecuch</i>) | Summer 2019 |
- Resource for Easing Friction and Stress (REFS)** 2019 - 2021
MIT and WHOI REFS ([EAPS REFS](#) and [WHOI REFS](#)): trained in conflict management, we offer confidential peer-to-peer mentorship, support, and coaching for students.
- JP Applicant Support & Knowledgebase (JP ASK)** 2019-2021
Mentor for prospective graduate students through the [JP ASK](#) program, which seeks to increase the

diversity of future admitted classes by supporting and advising prospective students from underrepresented backgrounds.

OUTREACH

University of Washington Aquatic Sciences Open House May 2023
Spoke to the general public about salinity and Arctic Oceanography. Performed an interactive demonstration with families aimed at tasting the salt concentration of different ocean basins.

University of Washington Math Day March 2023
Presented to 90 high school students (3 groups of 30) at University of Washington Math Day about the role of mathematics in oceanography as the Applied Physics Lab representative

USCGC Healy Science Lecture October 2021
Spoke at science lecture onboard USCGC Healy. Lecture is targeted to the general public, with both Coast Guard and science party in attendance. Title: The West Greenland Current: Observations from the windiest place in the world ocean.

WHOI PO Buoy Lunch January 2021
Spoke at informal monthly physical oceanography lunch meeting: Al Plueddemann, Astrid Pacini, and Isabela le Bras: Pandemic sea stories.

MIT EAPS Takeover August 2020
Performed an [EAPS Takeover](#), where a student takes over the social media accounts of the MIT Earth, Atmosphere, Planetary Sciences department and presents their research and daily life for a broader audience.

WHOI School Visits
Assisted in various school visits to WHOI, including giving a presentation about the Arctic (working with [WHOI Broader Impacts Group](#)), another about how we take velocity measurements (working with [WHOI Sea Grant](#)), and providing tours of the *R/V Neil Armstrong*.

MIT Museum Girls Day March 2018
Presented on the Gulf Stream at [MIT Museum Girls Day](#).

MIT EAPS feature February 2019
Participated in a [story](#) for MIT EAPS on participation in an October-November cruise aboard the USCGC Healy.

SUBICE outreach effort May 2014
Participated in a [story](#) for the Study of Under Ice Blooms in the Chukchi Ecosystem (SUBICE) outreach effort.

Yale University interviewer 2016-2021
Interview candidates for the Yale University admissions office (~5 candidates per year).

AWARDS AND PROFESSIONAL ACTIVITIES

Arctic Service Medal, *United States Coast Guard*

Early Career Scientist Travel Support, *European Geophysical Union*

Participant at the International Summer School on the Labrador Sea and the North Atlantic Subpolar Gyre (ISNAO), Bonne Bay Laboratory, Western Newfoundland. July 2017.

William R. Belknap Prize, *Yale University*, awarded "to a senior for excellence in geological studies." May 2016.

Reviewer: *Journal of Geophysical Research: Oceans; Geophysical Research Letters*

Languages: English (native), Italian (native), Spanish (full professional fluency)
